## *Allergy Pack 2026*

Complete Reference · 14 UK Major Allergens

**Please inform your server of any allergy before ordering.**

While we take every precaution, cross-contamination cannot be entirely eliminated in a working kitchen. If you have a severe allergy, please speak to a manager before ordering — we'll walk you through the safest options.

All our meats are **nut free, MSG free & gluten free** by default. Every item on our 2026 menu is listed in this pack with its allergen profile.
